

10/783,210
3 of 3REMARKS

This Amendment corrects the stated relationship between this application and its parent in the first paragraph of this application. Two unintentional typographical errors were present in that paragraph when filed. One error in the first paragraph of page 1 indicated that the application was a "continuation" of its parent application. In fact, it is a --continuation-in-part-- application. This correct status is confirmed by the checked box on paragraph 4 of the accompanying Combined Declaration and Power of Attorney form for Joint Inventors which indicates the application is a continuation-in-part application. Also, this correct status is further confirmed by paragraph 1 of the Application Transmittal Letter dated February 20, 2004 which also indicates this application is a continuation-in-part application. The second error was the recitation of "present" instead of --parent--. Accordingly, the Examiner is respectfully requested to enter this Amendment and change the status of this application in the records of the U.S. Patent and Trademark Office.

Please apply any credits or charge any deficiencies to our Deposit Account No. 23-1665.

Respectfully submitted,
James P. Brennan, et al.
